## THE TROUBLE WITH TRAVEL-TIME TOMMY

**TED'S LOG, STARDATE: 2019:  
IS IT WEDNESDAY YET?**

TED, I'LL CLEAR THE RAW WATER INTAKE RIGHT AFTER I DEAL WITH ALARMS AT E STREET PUMP STATION. THE PLC PROBABLY JUST NEEDS A RESET.

BE BACK IN AN HOUR!

THIS IS HIGHLY ILLOGICAL! TRAVEL-TIME TOMMY IS KILLING PRODUCTIVITY!

15 MINUTES TO E STREET...  
25 MINUTES TO WEST HILLS...  
33 MINUTES TO NORTH SIDE...

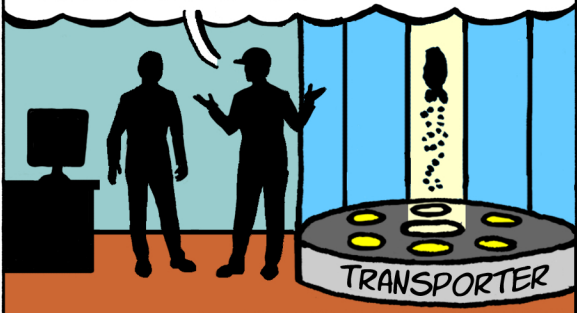

EVERY MINUTE YOU STEAL FROM ME IS BETTER SPENT SOLVING PROBLEMS AND SEIZING OPPORTUNITIES!

DAMN IT, TOMMY, I'M A TREATMENT OPERATOR NOT A RIDE SHARE DISPATCHER!

**TED HAS A PLAN!**

REMOTE MONITORING AND CONTROL IS LIKE BEING IN TWO PLACES AT ONCE. INSTEAD OF DRIVING AROUND, YOUR STAFF CAN BE DOING PRODUCTIVE WORK.

**TED TAKES ACTION!**

- WE CAN:
- 1) EVALUATE MONITORING AND CONTROL NEEDS.
  - 2) DETERMINE A COMMUNICATIONS STRATEGY.
  - 3) ESTABLISH EFFECTIVE CYBER-SECURITY PRACTICES.
  4. IMPLEMENT, TEST AND TRAIN YOUR OPERATIONS.

THAT SOUNDS LIKE A GREAT WAY TO TAKE BACK TIME!

**NOW TED HAS REAL-TIME CONTROL ON HIS SMARTPHONE.**

I JUST NEED A SECOND, BOSS... WE HAD A POWER BUMP AT WEST HILLS AND... NOW WE ARE BACK IN OPERATION! WHAT CAN I DO FOR YOU?

I LIKE THE WAY YOU MANAGE THINGS AROUND HERE. MY POSITION WILL BE OPEN SOON AND I'M RECOMMENDING YOU AS MY REPLACEMENT!

THANKS, INSTRULOGIC!

I'M SENDING YOU TO PLANET UBER, TOMMY, SO OUR PLANT CAN LIVE LONG AND PROSPER!

INSTRULOGIC CAN HELP YOU WITH YOUR TRAVEL TIME TROUBLE!
